

## Ride-on floor scrubber-driers

### A18-R 5300

Scrubs, sweeps  
and dries

- High-performance batteries resulting in high-working efficiency

- no. of battery and max. capacity (optional): Comfort S-R 1x24V/525Ah C5 1200 cycles (cassone)

#### A18-R 5300

- Scrubbing unit with sweeping function.
- Brushes group extremely durable, (completely in stainless steel) of easy maintenance
- Large load tank capacity, resulting in reduced number of stops and maximum use of battery charge for effective operation of the machine
- Compact size
- Stability even when fully loaded
- Front independent wheel-drive with tight steering radius
- Easy access to electrical components
- Detergent dispenser
- Automatic device for squeegee lifting while reverse going
- Automatic device that stops brushes and detergent supply when the machine is standing still
- Antifoam device
- Self-levelling brushes
- High-performance batteries resulting in high-working efficiency

#### • Solenoid valve:

Together with the reliable mechanical solution faucet, this system reduce chemical consumption and avoid solution waste. The flow is open only when brush is working, there is no accidental leak with machine stopped. The system is protected by a filter with easy maintenance.

#### • Hour meter

Useful to check work sessions and to plan stops for battery charging. Best output and investment protection.
